## NEVER LOST EP LYRICS

### 'Never Give Up'

You try and you try and you try  
You give it up, you give it all you've got  
Leave the past back where it should lay , should lay  
Back where it should lay

Getting closer to who you are x2  
You're raising the bar  
Come so far

Although the road is hard  
I'll be by your side x2

I won't give up, never give up , no x4

## **'Love Bombs'**

Let's go for a drive, when the night's alive  
and the lights go down  
and the moon goes around, round and around

As the wheels turn, revolution x 2

Let's go for a drive, when the night's alive  
and the lights go down  
and the moon goes around, round and around

As the wheels turn, revolution x 2

Let's drop a bomb x4  
Only love bombs, only truth bombs x2

It's up to me, it's up to you  
It's easy to choose

## 'Our Time'

I have been waiting, for so long  
I have been facing my mind  
I have been waiting, for so long  
I have been faking that I'm fine

Now I'm out of time,  
The feeling of faith is mine  
Now I'm out of time,  
The feeling of fate is mine

So let's grab this moment in time  
Cause this is our moment to shine  
No more standing in line  
Cause this is our moment to shine

I have been praying, for so long  
I have been facing my mind  
I have been praying, for so long  
I have been faking that I'm fine

## 'Star Child'

Searching for a world outside this one  
Looking for a life that's not mundane  
Wishing on a star to crash into my life  
Wishing on a world to save me from this one

Star Child x 4

Star Child told me he travelled distant galaxies  
Star Child told me there's nowhere else he'd rather be x 2

I looked into your eyes, a spiral ocean  
Swimming through a cloud of misty haze  
Seven different colours streamed into my life  
Rainbow vision is on it's way

Star Child x 4

Star Child told me he travelled distant galaxies  
Star Child told me there's nowhere else he'd rather be x 2

Cause it's so beautiful, it's so beautiful  
It's so beautiful oooohh  
It's so beautiful, it's so beautiful  
It's so beautiful oooohh  
Where we are

Star Child x 5

## 'This Land'

She patiently waits, for you to wake up  
Wake up to your home  
Your mountains and your rivers  
Your stones upon stones

Feel the burn, the burning river through your soul  
She's been calling you for centuries  
Step right through the veil of time

Wild and endless, bold and ageless

This land is worth fighting for  
This land is worth dying for  
This land is worth fighting for  
This land is worth uniting for

When the river meets the Firth  
Thirsting, thirsting for more  
When the river meets the Firth  
First, second, third and the Forth  
Crying crows, calling, crying crows x 2

Wild and endless, bold and ageless

This land is worth fighting for  
This land is worth dying for  
This land is worth fighting for  
This land is worth uniting for
